FIERCE STORM RAGES

CLOUDBURST AND GALE DESCEND
UPON ST. PAUL AND DAM-
AGE PROPERTY.

LOSS OF LIFE IS PROBABLE

THREE YACHTSMEN REPORTED
DROWNED AND EXCURSION-
ISTS ARE MISSING.

St. Paul, July 3.—A cloudburst, accompanied by a severe wind storm swept down upon St. Paul shortly before 9 o'clock last night. So terrific and far-reaching was the storm that every section of the city was damaged by the infuriated elements.

Two young girls, returning to their home on South Robert street, were struck by lightning when in sight of the house, and so severely were both injured that fears are entertained for their recovery.

In the hour during which the rain and wind swept the city, almost an inch of rain fell, flooding cellars and warehouses in the wholesale and retail districts, burying street car tracks under heaps of sand and mud, tearing down telephone and telegraph wires, breaking river boats from their moorings and in a score of other ways working devastation to property in the path of the storm. The damage done is estimated at \$35,000.

Assemblyman A. L. Rosen, with a party of thirty people, left for an up-river excursion on the steam yacht the "River Queen" two hours before the storm broke. No tidings of the party had been received at 3 o'clock this morning and fears are entertained that the craft was capsized during the cyclone.

Yachtsmen Reported Drowned.

Early this morning it was reported that three men were drowned while sailing a yacht opposite the docks of the Diamond Joe company, at the foot of Sibley street. No confirmation of the rumor was obtainable.

Every cellar and basement in South St. Paul is flooded, and piles of sand, in some instances ten feet high, block the streets. The storm seemed to center over South St. Paul, and for over an hour there was the most terrific rainfall that ever occurred in that locality.

Lightning struck the home of William Asman at Riverside, South St. Paul, and completely destroyed the house and contents, causing a loss of \$3,000.

The children, who had retired early, were imprisoned by the flames, and for a while it looked as if they would perish. The only stairway leading from the upper story was cut off by the flames, and it was necessary to lower the youngsters on ropes made of blankets from the second-story windows.

The two small children of C. S. Johnson, Minneapolis, had a very narrow escape from drowning in bed about 10:30 o'clock last evening. The family live in the basement of a building into which the water poured through an open window. It was necessary to call the fire department to rescue the children and a decrepit woman.

FOLLOWS INTENSE HEAT.

Terrific Storm at New York Does Im-
mense Damage.

New York, July 3.—A terrific storm here Thursday followed a period of most intense heat. There were four deaths from the heat and a score or more of prostrations. Already three deaths directly traceable to the storm have been reported and many persons caught in the fury of the wind were injured.

At one time the gale blew at the rate of seventy-two miles an hour in the upper part of New York, according to the weather bureau. Many places were struck by lightning, which played continuously for an hour or more. A great section of the Manhattan Field fence was blown down, and there was almost a panic among the 1,000 men and women who had gathered at the Polo grounds adjoining to witness the New York-St. Louis game.

With a foot of water on the Polo grounds the game was called off and the attention of the officials and police was directed to getting the half panic-stricken baseball enthusiasts to a place of safety.

There were in reality two storms, but they blended into one. The Bronx was the first to feel its effects, and the lower portion of that borough suffered most. A wind of extremely high velocity swept from West to East, uprooting trees, smashing plate glass windows, blowing pedestrians from their footing and doing all kinds of damage.

Apparently the storm was in two divisions, one advancing down the valley of the Hudson and the other approaching from Long Island Sound, which was torn into a fury by the force of the wind.

These two divisions met over the Bronx with dazzling displays of electricity. The first wind storm was followed by a heavy fall of rain, like a cloudburst in character, and a shower of large hailstones.

Fannie Kinsler, a six-year-old child, frightened by the storm and blinded by the rain, ran directly under a swiftly moving wagon and was killed.

John Dominick, a dock laborer, was knocked into the East river by a plank which had been picked up by the wind, and was drowned.

The wind swept the embers of a bonfire kindled by a number of boys, over the pinetree of three-year-old Clarence Hadden, and he was burned to death.

NOT CONFINED TO ONE SECTION

Booker T. Washington Talks About
Lynch Law.

Louisville, Ky., July 3.—Before an audience which crowded Macauley's theater to the doors, Booker T. Washington, head of the Tuskegee normal school, last night delivered an address in which he said that recent regrettable events in connection with the race question only went to show that lynch law was not confined to any one section of the country.

These events, he said, tended to simplify the race problem by making it national. He admitted that the race was now passing a serious and trying period of development and appealed to the negro to be calm and exercise self-control.

Principal Washington said in part: "In the present season of anxiety and almost of despair which possesses an element of the race, there are two things which I wish to say as strongly as I may:

"First, let no man of the race become discouraged or hopeless. There are in this country, North and South, men who mean to see that justice is meted out to the race. Such a man is Judge Jones of Alabama, to whom more credit should be given for blotting out the infamous system of peonage than to any other.

"Second, let us keep before us the fact that almost without exception every race or nation that has ever got upon its feet has done so through struggle and trial and persecution.

"It is with a nation as with an individual; whatever we sow, that shall we also reap. If we sow crime we shall reap lawlessness."

BARRINGTON TAKES NOTES.

Accused Man Present at Inquest Over
the Body of McCann.

St. Louis, July 3.—The inquest into the supposed murder of James P. McCann was reopened Thursday by Coroner Koch, and many witnesses were examined. The coroner's jury returned a verdict of homicide, holding F. S. Barrington for the crime. The jury ascribed the death of the man identified as McCann to knife and gunshot wounds. The evidence secured will be presented to the grand jury.

Barrington was present at the inquest and calmly took notes during the testimony of all the witnesses.

MARS YACHT RACES

CARL B. OLSEN, SEAMAN OF THE
COLUMBIA, SWEEP OVERBOARD
AND DROWNED.

Newport, R. I., July 3.—For the first time in the history of American ninety-footers, a fatal accident occurred Thursday. Carl B. Olsen, a seaman on the old cup defender Columbia, was washed from the bowsprit just before the yacht reached the first turn in the day's race, and was drowned. When the yacht lifted from the big wave into which she had plunged, Olsen was seen almost under the stem, clinging to the bobstay, but before assistance could be given him, the sloop dipped into another great comber and he was never seen afterward.

Captain Miller of the Columbia thinks that Olsen was struck by the overhang of the craft, as it came smashing down and knocked him insensible. The Columbia came into the wind instantly. Two life buoys were taken into the water and the tender was put overboard as quickly as possible. Two men jumped into the tender and rowed around for twenty minutes ready to pick Olsen up if he came to the surface. Three sailors swarmed up the mast and watched closely from the spreaders for some signs of the unfortunate man, but without success. Out of respect to the dead man, the Columbia withdrew from the race.

At 9 o'clock at night the committee posted the following bulletin at the club station:

"The Newport series of 90-footers will not be finished."

There will be no more racing until the yachts start on the New York Yacht club's cruise.

Mishap to the Constitution.

The day's race was also marred by a mishap to the Constitution. Soon after the start she carried away the jaws of her gaff and the great steel spar, swinging forward, buckled in the center.

The mainmast was ripped clear across several times and rendered practically worthless.

The Reliance received the severest buffeting she has had since being launched. The sea was a terrific one for racing yachts and when the yacht reached her moorings it was noticed that she had a big dent five feet long in the bronze plating close to the water line on the port bow. The indentation was similar to that the Constitution sustained two years ago.

The Reliance sailed splendidly. The wind blew more than twenty miles an hour and all three yachts found that they could not even carry small working topsails to windward so they went off under three lower sails only. It was the stiffest breeze and hardest sea that the boats have been out in since the season's racing began, and had there been no accidents the record for a 20-mile triangular course would have been cut down considerably. As it was, the Reliance, with no craft to push her and with only a No. 1 jib topsail hoisted in addition to the three lower sails, came to the finish line from the second turn in 47 minutes, 10 seconds, the fastest ten-mile leg ever sailed. The rigging and spars of the Reliance went through the test in splendid style, not a strand of wire being started.

GOLLMAR BROS. BIG NEW RAILROAD SHOWS

Triple Circus, Elevated Stages, Roman Hippodrome, Free Horse Exhibit and Deep Sea Aquarium.

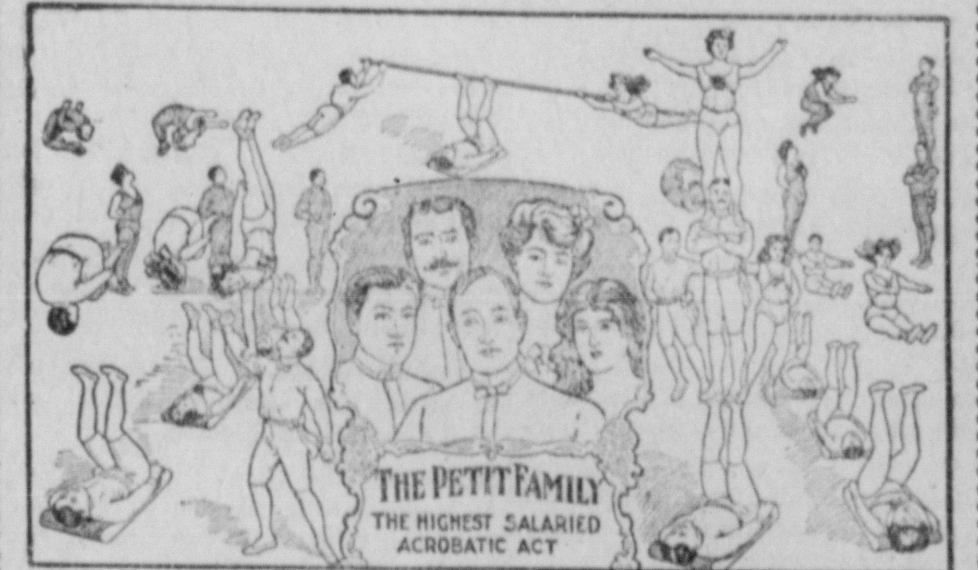

A Gigantic Undertaking, head and shoulders above our so-called rivals.

20—FUNNY OLD CLOWNS—20

A multitude of Riders, Leapers, Aerialists, Gymnasts, Charioteers and everything pertaining to the circus world. Big Double Menagerie of all the brute creation. Herd of big Elephants.

Gollmar Bros. \$20,000 Feature,
The only Real Living Hippopotamus

in captivity; a savage blood sweating terror of the River Nile; the weird man-slaying monster; the only one in the known world on exhibition; afternoon and evening in Gollmar Bros. Millionaire Menagerie.

5 Bands of Music, 3 Circus Rings, Elevated Stages, 500 Men and Women employed, 300 Horses and Ponies.

Every morning at 10 o'clock a Grand Colossal
FREE STREET PARADE
a Mammoth Free Street Show.

Two performances Daily, Afternoon and Evening.

Doors Open at 1 and 7 O'clock,

Will exhibit **Friday, July 10**

AMERICAN "HENLEY"

CANADIAN CREW DEFEATS YALE
FRESHMEN, PENNSYLVANIANS
AND BOSTONIANS.

Philadelphia, July 3.—The first American "Henley" under the auspices of the newly organized American Rowing association was held Thursday afternoon over the national course on the Schuylkill river in Fairmont park. A comparatively small crowd was out to see the races. The association hopes to make its annual affair the classic rowing event in America. Its plan is copied closely after the famous English "Henley." The distance—one and five-sixteenths miles—is the same as the English distance, the rules are practically alike. The regatta was not as fully representative of the American oarsmen as the stewards of the association had hoped it would be. Out of the twenty-seven entries in the ten events, seventeen were from Philadelphia, four from Boston, two from Detroit, and one each from Baltimore, New Haven, San Francisco and Canada. The weather was clear and very hot and the river was quiet and smooth.

The greatest interest was manifested in the eight-oared shell race between the Argonauts of Canada, Yale freshmen, a mixed crew from the University of Pennsylvania and the Union Boat club of Boston. The Canadians won easily by four lengths. They took the lead at the start and were never headed. Yale and Pennsylvania furnished a beautiful race for second place. Yale led Pennsylvania over half the course, when the Pennsylvanians drew up on the New Haven lads, but could not hold them, and Yale finished second by nearly a half boat-length. In the first single sculls Ernest George of Boston defeated Robert P. Blake, also of Boston. A. W. Pape of San Francisco was also in this race. Shortly after the race started he stopped rowing and claimed he was fouled by George. The stewards reserved their decision, but Pape later withdrew his claim of foul.

The closest race of the day was between the University of Pennsylvania and Ariel Boat club of Baltimore. In the four-oared shell event. The Arrels were even with the Pennsylvanians to a point near the finish, when bad steering lost them the contest by two feet.

FORTUNE IS PRESIDENT.

Afro-American Council Elects Officers
After Stormy Debate.

Louisville, Ky., July 3.—The Afro-American council elected the following officers:

President, T. Thomas Fortune, New York; vice presidents, J. Q. Adams, Minnesota; Mrs. R. J. Griffin, Oregon; secretary, Cyrus Adams, Chicago; financial secretary, F. L. McGhee, Minnesota; corresponding secretary, Mrs. Fannie B. Williams, Illinois; treasurer, John W. Thompson, New York. Members executive board, Mary E. McCoy, Michigan; W. L. Francis, Minnesota.

The election was not accomplished until a stormy debate had swayed the audience for more than an hour. There was objection also to placing the picture of Booker T. Washington on the stage, but the delegates were pacified by the bringing out of a large painting of J. C. Price, a Southern educator now dead, and placing it alongside the Washington canvas.

The differences arose over a factional fight between the industrial, the higher education and the political divisions in the gathering, but the industrialists won out.

KILLED BY HIS SON.

Dr. James Dixon Sick With Smallpox
When Shot.

Canal Dover, O., July 3.—Dr. James Dixon was shot and killed last night by his son. Dr. Dixon was sick with smallpox, having contracted the disease while helping a daughter to escape quarantine. The son was confined in the house with his father under quarantine. The fact that young Dixon, when arrested, was taken to the city prison, caused great excitement and indignation.

Waterboy Breaks Salvator's Record.

New York July 3.—Waterboy won the Suburban renewal, worth \$12,000, at Sheepshead Bay, breaking the track record for the mile and a quarter by covering the distance in 2:04.25, which is two fifths of a second faster than the previous record made by the mighty Salvator. Irish Lad was second and Goldsmith a bad third.

Hollis Released on Bail.

Manila, July 3.—Treasurer Hollis of Negroes island, who is charged with the misappropriation of public funds, has been released on \$5,000 bail. The shortage checked up reaches \$2,000.

FOR NAVAL STATIONS.

Treaty With Cuba Is Finally Signed
at Havana.

Havana, July 3.—The treaty covering the naval and coaling station bases and the treaty placing the Isle of Pines wholly under Cuban sovereignty were signed at noon.

These two treaties, which are the last of six between the United States and Cuba, were subscribed in duplicate at the secretary of state's office. The signers were Minister Squiers, Senator Garcia Montes, secretary of the treasury, and acting secretary of state in Senator Zaldo's absence.

While turning over the Isle of Pines to the absolute sovereignty of Cuba the treaty safeguards the rights and privileges of the American residents on the island as though they were on American territory. Property and judicial and educational rights are especially guaranteed, as well as the conveniences for reference to and registration of property and other public business.

The naval station's lease was the subject of long and tedious negotiations.

ROOT STARTS INQUIRY.

War Department Glove Contract to Be
Investigated.

Washington, July 3.—Secretary Root during the day had a conference with General Humphrey, quartermaster general, and Colonel Patten, who has charge of the clothing supplies for the army, regarding the contract for gloves with E. R. Lyon, who, it is said, obtained his supply of gloves from the firm of which Represser alive Littauer of New York is a member. The secretary has directed that an inquiry be made into the whole subject with a view to ascertaining whether any officer made contracts in violation of the statutes and for such other information as may be obtained.

Pension Claims Allowed.

Washington, July 3.—During the fiscal year just closed, 132,829 claims were allowed by the pension bureau and 113,720 rejected. The number of allowances exceeded those of last year to the extent of 13,905.

Four Persons Injured.

La Crosse, Wis., July 3.—Four persons were hurt in the collapse of the grand stand at the race track. The injured are Michael Webber, Bernie McDonald, John Hunt and H. C. Schultz. All will recover.

Widow of Editor Dana Dead.

New York, July 3.—Mrs. Charles A. Dana, aged seventy-nine years, widow of the well known editor, is dead here from injuries and shock received several days ago, when she fell down a flight of stairs.

TELEGRAPHIC PREVIEW.

Physicians say that Pope Leo may live five years longer unless something untoward happens.

Nearly complete returns from France indicate that the American revolver team has won the international match.

Ex-Senator James Smith, Jr., receiver of the United States Shipbuilding company, has taken formal possession of its affairs.

The premature explosion of a "shot" in Superior Mine No. 1 at Brazil, Ind., instantly killed Jesse Perkins and fatally injured George Perkins.

J. F. Shea of North Dakota, R. L. Spencer of Minnesota, and R. B. Stewart of South Dakota have been sworn in as midshipmen at Annapolis.

Postmaster General Payne, accompanied by Mrs. Payne, has left Washington for the Catskills, where they will remain over the Fourth of July.

Princess Charles of Denmark, daughter of King Edward, gave birth to a son Thursday at Appleton cottage Sandringham. Both mother and child are doing well.

BASEBALL SCORES.

National League.

At Boston, 0; Cincinnati, 2.
At Chicago, 2; Philadelphia, 7.
At Brooklyn, 4; Pittsburgh, 3.

American League.

At Chicago, 6; Boston, 2.
At Detroit, 1; Washington, 0.
At St. Louis, 2; New York, 3.
At Cleveland, 11; Philadelphia, 6.

American Association.

At Milwaukee, 6; Kansas City, 5.
At Columbus, 5; Indianapolis, 10.
At Toledo, 5; Louisville, 0.

CIRCUS TENT FLATTENED.

Thirty Persons of a Maine Audience
Sustain Injuries.

Machias, Me., July 3.—A strong gust of wind flattened one of the big tents of a traveling circus which exhibited here yesterday and some thirty persons out of an audience of 2,500 were injured. There were no fatalities and none of the injured is likely to die.

A big double procession of shining armor, glittering dens, cages band chariots, rich and rare costumes of silks and satins, tableaux, floats, comedy provokers, a perfect blaze of splendor majestically moving upon the public highway at 10 o'clock.

Two performances Daily, Afternoon and Evening.

Doors Open at 1 and 7 O'clock,

Will exhibit **Friday, July 10**

FOR NAVAL STATIONS.

Treaty With Cuba is Finally Signed
at Havana.

Havana, July 3.—The treaty covering the naval and coaling station bases and the treaty placing the Isle of Pines wholly under Cuban sovereignty were signed at noon.

These two treaties, which are the last of six between the United States and Cuba, were subscribed in duplicate at the secretary of state's office. The signers were Minister Squiers, Senator Garcia Montes, secretary of the treasury, and acting secretary of state in Senator Zaldivar's absence.

While turning over the Isle of Pines to the absolute sovereignty of Cuba the treaty safeguards the rights and privileges of the American residents on the island as though they were on American territory. Property and judicial and educational rights are especially guaranteed, as well as the conveniences for reference to and registration of property and other public business.

The naval station's lease was the subject of long and tedious negotiations.

ROOT STARTS INQUIRY.

War Department Glove Contract to Be
Investigated.

Washington, July 3.—Secretary Root during the day had a conference with General Humphrey, quartermaster general, and Colonel Patten, who has charge of the clothing supplies for the army, regarding the contract for gloves with E. R. Lyon, who, it is said, obtained his supply of gloves from the firm of which Representative Littauer of New York is a member. The secretary has directed that an inquiry be made into the whole subject with a view to ascertaining whether any officer made contracts in violation of the statutes and for such other information as may be obtained.

Pension Claims Allowed.

Washington, July 3.—During the fiscal year just closed, 132,829 claims were allowed by the pension bureau and 113,720 rejected. The number of allowances exceeded those of last year to the extent of 12,005.

Four Persons Injured.

La Crosse, Wis., July 3.—Four persons were hurt in the collapse of the grand stand at the race track. The injured are Michael Webber, Bernie McDonald, John Hunt and H. C. Schultz. All will recover.

Widow of Editor Dana Dead.

New York, July 3.—Mrs. Charles A. Dana, aged seventy-nine years, widow of the well known editor, is dead here from injuries and shock received several days ago, when she fell down a flight of stairs.

TELEGRAPHIC GREVITIES.

Physicians say that Pope Leo may live five years longer unless something untoward happens.

Nearly complete returns from France indicate that the American revolver team has won the international match.

Ex-Senator James Smith, Jr., receiver of the United States Shipbuilding company, has taken formal possession of its affairs.

The premature explosion of a "shot" in Superior Mine No. 1 at Brazil, Ind., instantly killed Jesse Perkins and fatally injured George Perkins.

J. F. Shea of North Dakota, R. L. Spencer of Minnesota, and R. B. Stewart of South Dakota have been sworn in as midshipmen at Annapolis.

Postmaster General Payne, accompanied by Mrs. Payne, has left Washington for the Catskills, where they will remain over the Fourth of July.

Princess Charles of Denmark, daughter of King Edward, gave birth to a son Thursday at Appleton cottage Sandringham. Both mother and child are doing well.

BASEBALL SCORES.

National League.

At Boston, 0; Cincinnati, 2.
At Chicago, 2; Philadelphia, 7.
At Brooklyn, 4; Pittsburgh, 3.

American League.

At Chicago, 6; Boston, 2.
At Detroit, 1; Washington, 0.
At St. Louis, 2; New York, 3.

American Association.

At Milwaukee, 6; Kansas City, 5.
At Columbus, 5; Indianapolis, 10.
At Toledo, 5; Louisville, 0.

CIRCUS TENT FLATTENED.

Thirty Persons of a Maine Audience
Sustain Injuries.

Machias, Me., July 3.—A strong gust of wind flattened one of the big tents of a traveling circus which exhibited here yesterday and some thirty persons out of an audience of 2,500 were injured. There were no fatalities and none of the injured is likely to die.

LOCAL NEWS NOTES.

No Paper Tomorrow.
There will be no paper issued tomorrow, the employees of the DAILY DISPATCH being given a chance to celebrate the glorious Fourth with the balance of mankind.
P. E. Murphy is in the city on business.
Mrs. Elkington returned from Sylvan lake this afternoon.
Gil Chadbourne is in the city on business from Minneapolis.
Editor E. S. Holman, of Pine River, was in the city today on business.
Mrs. D. K. Fullerton and sons left this afternoon for a few days visit.
W. W. Forbush, of the Kimball Piano company, is in the city on business today.
Otto Bergstrom left this afternoon for Staples and Wadena for a few days visit.
There will be a meeting of the board of education and the city council Monday evening.
Misses Marie and Clara Erickson left this afternoon for Deerwood where they will visit for a short time.
Mrs. Les. Low arrived in the city this afternoon to be the guest for some time of Mr. and Mrs. F. E. Low.
Mr. and Mrs. John Cochrane and daughter left this afternoon for Jenkins where they will spend the Fourth.
Mr. and Mrs. W. Johnson and Messrs Oscar Opegard and Adolph Evanson, left this afternoon for Duluth where they will visit over the Fourth.
Chief Black and family, of Duluth, who have been guests of Mr. and Mrs. F. S. Parker at Parkerville for a week or two left this afternoon for their home.
On Wednesday evening Rev. G. G. Ferguson united in marriage James Whitmore and Amanda Jones at the home of the bride's mother on Bluff avenue.
Members of Brainerd Aerie, Order of Eagles, are requested to remember the meeting to be held this evening. Business of importance is to come up and a full attendance is desired.
Mrs. R. H. Schumaker returned to her home in Cass Lake this afternoon. She was accompanied by Mrs. Peter Schumaker and daughter, Miss Hattie, who will visit there for a short time.
The Elks had a very interesting meeting last night. It was Aitkin night and six of the boys from that city were present and were initiated into the mystery of Elkdom. Aitkin is now very respectfully represented on the rolls of the local order.
The second advertising car of the Gollmar Bros. circus is in the city today and the city is being billed to a standstill. The Sells & Downs circus coming as it does so close to the Gollmar Bros. show there will be some very warm advertising by both aggregations.

Harry Rutledge left this afternoon for Minneapolis for a few days visit.
Mrs. J. W. Koop left this afternoon for St. Cloud for a few days visit.
Mr. and Mrs. Evanson left this afternoon for Staples for a visit over Sunday.
Elmer Hall left this afternoon for Anoka where he will visit for a short time.
Mr. and Mrs. H. E. Steel left this afternoon for the lakes for a few days outing.
E. S. LaRue, of the Champion harvester company, came in from the west this morning.
Mr. and Mrs. A. Dinan and children left this afternoon for St. Paul for a few days visit.
Mr. and Mrs. E. M. Westfall left for Hubert this afternoon where they will visit for a few days.
Rev. O. M. Bloom left this afternoon for Pine River where he was called to officiate at a funeral.
Andrew Moberg, of Delano, arrived in the city this afternoon for a visit with his son, A. E. Moberg.
Mr. and Mrs. Ed. Rhodes came in from Minneapolis this afternoon to visit over Sunday with the formers' parents, Mr. and Mrs. J. H. Rhodes.
Paul Donaldson is carrying his arm in a sling. He was sprinting along a little too fast on his bicycle and fell off dislocating his shoulder.
Mrs. J. A. Carmichael who has been in the city for a few days will return home to Minneapolis tomorrow. She will be accompanied by Mrs. H. A. Carmichael, who will visit there for a short time.
Herman Linneman thinks he is a sprinter right, but Benj. Henry demonstrated differently yesterday afternoon and just for fun it is worth the price of admission to hear Herman tell about that jump that Henry made.
A. Engbretson arrived in the city this afternoon from Beloit, Ia., to visit with his son S. E. Engbretson and other relatives. Mrs. Engbretson, his wife, has been here for some two or three weeks but she will remain a week longer, after which she and her husband will return home.
The remains of the late Mrs. C. A. Lagerquist arrived in the city this afternoon from Superior accompanied by the bereaved husband, mother and sister. The body was at once removed to Evergreen cemetery where the interment took place, Rev. Richard Brown officiating.
Miss Caroline Morrison most delightfully entertained a number of young ladies at her home on Tuesday evening at a 6 o'clock tea. The rooms were patriotically decorated in the colors red, white and blue, and flags were also used in profusion about the home. After the refreshments were served the young ladies enjoyed a drive about the city. Covers were laid for seven and the following were present: Misses McCullough, Allen, Lillian Koop, Jess Tyler, Hallett, Burgoyne and Smith.

Attorney A. T. Larson left this afternoon for Alexandria where he will visit for a short time.
Mr. and Mrs. S. S. King and children were passengers to Minneapolis this afternoon on No. 8.
Mr. and Mrs. J. F. Casey left this afternoon for Moorhead where they will visit for a short time.
Mrs. E. W. Taylor, a sister of L. R. Willis, who arrived in the city a few days ago from Illinois, left this afternoon for Winnipeg Jet, where she will visit with relatives.
Will Koop has returned from Cass Lake where he has been working in the First National bank relieving R. H. Schumaker, who has been visiting with his wife in this city.
WANTED—Competent girl for general house work. Inquire corner of 4th and Kingwood street. 27tf
Awnings! Awnings!! At D. M. Clark & Co. 30-1f
DOTTED WITH DEAD CATTLE.
Grasshoppers Denude Montana Plains and Stock Dies of Starvation.
Butte, Mont., July 3.—Professor Croley of the state agricultural college at Bozeman has returned from an investigation of the grasshopper ridden district about Forsythe. He says the insects have devoured everything in a strip seventy miles long and fifty miles wide and that the plains are dotted with cattle that have starved to death.
Franciscan Monastery Dedicated.
Green Bay, Wis., July 3.—The new Franciscan monastery was dedicated Thursday, the ceremonies being most impressive. Papal Delegate Falconio was the central figure on the occasion. Pontifical high mass was celebrated by Bishop Messmer.
MOB LYNCHES A NEGRO.
Four Other Colored Men Beaten Into Insensibility.
Norway, S. C., July 3.—Charles Evans, colored, suspected of the murder of John T. Phillips, a one-armed Confederate soldier, was taken from the jail here at night and lynched. Four other negroes, who were confined in the jail, were also taken by the mob and beaten into insensibility.
PENSIONS FOR ASSASSINS.
King Peter Proposes to Banish Them on Military Allowances.
London, July 3.—The Odessa correspondent of the Standard says a report is current that King Peter of Serbia has appealed to the czar and the emperor of Austria not to press the punitive demands. He purposes to banish the criminals on military pensions.
APPEALS TO THE POWERS.
Bulgaria Wants Turkish Troops Withdrawn From the Frontier.
Vienna, July 3.—It is announced here that Bulgaria has sent a circular to its representatives abroad and the ministers of powers in Sofia calling attention to the attitude of Turkey, which, it declares, has not only failed to co-operate in carrying out the reform scheme, but is concentrating troops and artillery on the frontier, where the Turkish soldiers, under the guise of searching for arms, are perpetrating all sorts of outrages on the Bulgarians in the hope of provoking an international conflict, which, the note says, could only have disastrous results for Turkey and Bulgaria.
The note appeals to the powers to exert pressure at Constantinople to secure the withdrawal of the excessive Turkish forces now stationed on the frontier. The Bulgarian government declines to be responsible should Turkey continue its unfriendly attitude.
The Modern Farmer.
Observe the modern farmer! In the shade He works his crops by letters patent now.
Steam drives the reaper (which is union made).
As in the spring it pushed the auto-plow:
A patent milkier manages each cow; Electric currents guide the garden spade. And cattle, poultry, pigs, through "process" wade
To quick perfection—science shows them how.
But while machinery plants and reaps he rests Upon his porch and listens to the quail That pipe far off in yonder handmaiden vale.
With muscles flabby and with strength gone stale.
Until, in desperation, he invests In "Muscle Building Motions Taught by Mail!"
—Jack Appleton in Lippincott's Magazine For July.

BATTLES OF THE FUTURE.
To Be Fought With Shrapnel, Not Small Arms, Says an Officer.
In a recent issue of Harper's Weekly Mr. George E. Summers, M. E., writes of the new field artillery used in the United States army. The article has been examined and its publication authorized by the secretary of war, so that it may be considered in effect official. The new field guns described by Mr. Summers will carry effectively about three miles, and the extreme rapidity of fire will permit of a shot once in two seconds, or about as fast as an ordinary Winchester repeating rifle.
As it takes about seventeen seconds for a shell to go three miles, it will be possible to keep eight fifteen pound shrapnel in the air at once, and Mr. Summers points out as a possibility that "the enemy might then receive seven shots after it had surrendered." He believes that, as the distance necessary for effectual warfare between combatants is increasing yearly, the battles of the future will be fought not with small arms, but with shrapnel, at a distance of from two to three miles.

WHERE TO WORSHIP.
St. Francis Catholic church: Early mass 8:30 a. m.; high mass 10:30 a. m.; Sunday school at 2 o'clock p. m.; vespers and benediction 8 o'clock p. m.; mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. D. W. Lynch, pastor.

IN SIGHT OF A CROWD.
Six-Year-Old Child Burned to Death at Washington.
Washington, July 3.—In the presence of an awe-stricken crowd, Morris, the six-year-old son of Israel Cerrate, was burned to death in a fire which started from a gasoline stove. The child appealed from the window for help, but before assistance could be rendered, he was dead. The boy's mother made frantic efforts to rescue him and was so severely burned herself that she died later.

THE CASH DEPARTMENT STORE

ALWAYS LEADS.

ANOTHER BIG SALE

25 Per Cent Discount

on all our DRY GOODS, MEN'S and BOY'S CLOTHING, BOOTS and SHOES.

We Have Enlarged our store so we occupy 7,158 square feet of floor space, with three fronts, one on Front street and two on Seventh street. We want you to test the truthfulness of our advertisements, not only today or tomorrow, but any time. It's an every day occurrence for people to cut our "ads" out of the papers, mark the items wanted and send for them, through their children or neighbors—no one has ever been disappointed. "Why?" Simply because we represent everything in its true light. Should an error occur, remember we are as anxious to have it corrected as you are. We advertise facts, facts, nothing but facts. We never advertise something we haven't got. If we advertise 10 cent goods for 5 cents, you may rest assured that the statement will be verified at our counter.

MOB LYNCHES A NEGRO.

Four Other Colored Men Beaten Into Insensibility.

Norway, S. C., July 3.—Charles Evans, colored, suspected of the murder of John T. Phillips, a one-armed Confederate soldier, was taken from the jail here at night and lynched. Four other negroes, who were confined in the jail, were also taken by the mob and beaten into insensibility.

PENSIONS FOR ASSASSINS.

King Peter Proposes to Banish Them on Military Allowances.

London, July 3.—The Odessa correspondent of the Standard says a report is current that King Peter of Serbia has appealed to the czar and the emperor of Austria not to press the punitive demands. He purposes to banish the criminals on military pensions.

APPEALS TO THE POWERS.

Bulgaria Wants Turkish Troops Withdrawn From the Frontier.

Vienna, July 3.—It is announced here that Bulgaria has sent a circular to its representatives abroad and the ministers of powers in Sofia calling attention to the attitude of Turkey, which, it declares, has not only failed to co-operate in carrying out the rearmament scheme, but is concentrating troops and artillery on the frontier, where the Turkish soldiers, under the guise of searching for arms, are perpetrating all sorts of outrages on the Bulgarians in the hope of provoking an international conflict, which, the note says, could only have disastrous results for Turkey and Bulgaria.

The note appeals to the powers to exert pressure at Constantinople to secure the withdrawal of the excessive Turkish forces now stationed on the frontier. The Bulgarian government declines to be responsible should Turkey continue its unfriendly attitude.

The Modern Farmer.

Observe the modern farmer! In the shade He works his crops by letters patent now.

Steam drives the reaper (which is union made).

As in the spring it pushed the auto-plow.

A patent milkman manages each cow; Electric currents guide the garden spade, And cattle, poultry, pigs, through "process" wade.

To quick perfection—science shows them But while machinery plants and reaps he rests

Upon his porch and listens to the quail That pipe far off in yonder hand-made vale.

With muscles flabby and with strength gone at last, In desperation, he invests

In "Muscle Building Motions Taught by Mail!"

—Jack Appleton in Lippincott's Magazine For July.

BATTLES OF THE FUTURE.

To Be Fought With Shrapnel, Not Small Arms, Says an Officer.

In a recent issue of Harper's Weekly Mr. George E. Summers, M. E., writes of the new field artillery used in the United States army. The article has been examined and its publication authorized by the secretary of war, so that it may be considered in effect official. The new field guns described by Mr. Summers will carry effectively about three miles, and the extreme rapidity of fire will permit of a shot once in two seconds, or about as fast as an ordinary Winchester repeating rifle.

As it takes about seventeen seconds for a shell to go three miles, it will be possible to keep eight fifteen pound shrapnel in the air at once, and Mr. Summers points out as a possibility that "the enemy might then receive seven shots after it had surrendered." He believes that, as the distance necessary for effective warfare between combatants is increasing yearly, the battles of the future will be fought not with small arms, but with shrapnel, at a distance of from two to three miles.

WHERE TO WORSHIP.

St. Francis Catholic church: Early mass 8:30 a. m.; high mass 10:30 a. m.; Sunday school at 2 o'clock p. m., vespers and benediction 8 o'clock p. m.; mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. D. W. Lynch, pastor.

ANNUAL MEMORIAL SERMON.

For the Members of White Cross Lodge, K. of P., who will Attend Divine Service on Sunday Night.

The members of White Cross lodge, K. of P., will attend the services at the First Congregational church on Sunday evening when the annual memorial sermon will be preached by Rev. Richard Brown. The members will attend in a body.

An excellent musical program has been arranged for the event in which Mrs. E. W. Crane, Prof. Graham, Prof. Vance and Miss Evelyn Whitherel will take part. A very elaborate and interesting program has been printed for the occasion which will be distributed as souvenirs.

Garden seeds and lawn grass at D. M. Clark & Co. 30-tf

Will Be Open Evening Before.

The barbers of the city have decided to keep their shops open on the evening of July 3 until 11 o'clock at night. This is done on account of the day following being a legal holiday, Fourth of July. 21-tf

Invest in Canada Lands.

Will start from Brainerd July 21st with a party of land buyers. Anybody interested in good farming land will do well to join this party. Buy soon; sure investment. For information call on Farmer's Canada Land Company, 218 Columbian block, Brainerd Minn. 22-tf

IN SIGHT OF A CROWD.

Six-Year-Old Child Burned to Death at Washington.

Washington, July 3.—In the presence of an awe-stricken crowd, Morris, the six-year-old son of Israel Cerrate, was burned to death in a fire which started from a gasoline stove. The child appealed from the window for help, but before assistance could be rendered, he was dead. The boy's mother made frantic efforts to rescue him and was so severely burned herself that she died later.

OFFICER WORSTED IN
A DRUNKEN BRAWL
Officer C. H. Preston Pounded
Into Insensibility by a Num-
ber of Moulders.

ARRESTED, HELD UNTIL MONDAY
On a Minor Charge—Moulders
Contend that They were
Justified in Assault.

There was a most disgraceful and disgusting row last night between 12 and 1 o'clock in East Brainerd, between a gang of men, some twelve or thirteen in number, it is stated, and Officer Preston of the local police force, and the officer was brutally pounded into insensibility and was left in a condition which made it almost impossible for him to walk across the bridge and to Front street. As in all rows of this nature there are some dozen different versions of how it started, but be that as it may the element that will club together and lambast a police officer, even though they might think they are in the right, should be dealt with a stern hand according to law.

From all reports it is understood that there were a number of moulders standing about the East, hotel singing and making a noise. The officer, it is claimed, came along and insisted that they be quiet. Some indiscreet remark is said to have been hurled at the officer whereby he attempted to arrest one of the men, known in the city as Ed Traver. It is claimed that unaware to him someone hit Preston on the back of the head with a club and he fell in a heap on the ground. He was then kicked, clubbed and otherwise brutally used and could hardly make his way across the bridge.

It is understood that the row, which is a disgrace to the city, was followed by a general scattering of those implicated and when Officer Hurley went over to make some arrests no one was to be found.

The men themselves who are mixed in the affair have their side of the story to tell. They state that the officer started in to do things in his own way without provocation and it was not until after he had hit one of them with a club on the head that they all generally took a hand. It is a well known fact that Officer Preston has been in disfavor with a certain element on the east side and it was intimated some time ago, it is claimed, that there was trouble in sight if he ever laid hands on any of them, for they claim that he has always been abusive and exceeded his authority.

Officer Preston on reach the business center of the city called on Dr. Batchelder, who dressed his wounds. His forehead had been pretty well hacked with a club and he had been kicked in the chin, a large gash having been opened some four inches long. His face was a sight and his clothing was completely saturated with blood. After having the wounds dressed he went home and has not been down today. The physician states that while the officer has been pretty roughly handled there is nothing serious.

Officer Hurley camped on the trail of some of the men who were mixed in the affair and this morning he arrested Ed Trover and a man by the name of Andy Johnson, who are said to have been in the middle.

This afternoon Edward Traver, Andrew Johnson and Rube Dewar appeared in the municipal court charged with assault in the third degree. The last one was arrested by Chief Sargent. The complaining witness was Chief Sargent. They all plead not guilty to the charge and demanded a jury trial. The case was set for Monday morning at 10 o'clock when it is thought Officer Preston will be able to be present.

BASE BALL NUBS

Tomorrow, the Fourth, there will be a game of ball between the regular Brainerd team and the Elks team at Athletic park and it will be a great game. Tasche and Roderick will be the battery for the Brainerd team and Dr. Watkins and S. E. Engbretson will do the honors for the Elks. The teams are rather well balanced and it should be a good exhibition throughout. On Sunday the same two teams will play at the same place. It is not known exactly who will do the honors on Sunday on the slab. The games will be called at 3:30 o'clock in the afternoon.

THE GLORIOUS FOURTH.

While No Pretentious Celebration will
Occur in Brainerd the Day will be
Generally Observed.

Tomorrow is the Fourth of July, and while there will be no pretentious celebration, the day will be generally observed in Brainerd in a quiet way. All the stores and public offices will be closed during the day and many people in the city have planned for a day's recreation somewhere. The Brainerd Marine band will be in evidence in the city during the day. In the morning they will discourse music from the bandstand in the park and in the afternoon they will officiate at the ball game at Athletic park.

Two picnics are scheduled very near the city tomorrow and doubtless there will be a large number attracted thither. The U. O. F. give a picnic at Gilbert lake and another big picnic has been arranged for at Rice lake. The members of the Sunday school of the Swedish Lutheran church will picnic at White Sand lake during the day.

Do you want a baby carriage, go cart, refrigerator or ice cream freezer on easy terms. See D. M. Clark & Co. 30-17

W. C. T. U. ANNUAL

An Interesting Meeting of the Union Held
at Aitkin Last Week—Officials
Elected.

The annual meeting of the 15th district of the Womans' Christian Temperance Union was held in Aitkin on last Thursday and Friday.

The convention was presided over by the district president, Mr. I. T. McClure of Hubbard. In the absence of Mrs. J. Rhodes, of Brainerd, district secretary, Mrs. Maud Warren, of Aitkin, acted as secretary pro tem. Each session of the two days was made interesting by reports from the different unions in the district and also by papers and discussions on subjects of practical importance.

The annual election resulted as follows:

Dis. Pres.—Mrs. Louise Defenbaugh, Aitkin.

Dis. Vice Pres.—Rachael Young, Aitkin.

Dis. Sec.—Mrs. I. T. McClure, Hubbard.

Dis. Treas.—Mrs. Kelley, Aitkin.

Committee on Resolutions—Mrs. B. A. Ferris, Mrs. Ella Knox and Mrs. F. A. Wright.

The following resolutions as prepared by the committee on same were adopted.

We, the members of the Womans' Christian Temperance Union, of the 15th district of the state of Minnesota, in convention assembled, recognizing the hand of God in our work, do hereby reaffirm the principles on which our organization was founded. Be it

Resolved, That we express our heartfelt thanks to the citizens of Aitkin for their kind hospitality, also to Rev. Fletcher of the M. E. church, Aitkin, for his presence and helpfulness during the convention, to the organist who presided at the organ during each session and to Mrs. McClure, of Hubbard, for untiring efforts to make the convention a success. Especially we would remember with gratitude our charming and capable state president, Mrs. Bessie Lathe Sewell, who delighted her audience each evening with an excellent address and also contributed brightness and interest to the convention from the beginning to the close.

Resolved further, That we will endeavor to make our next district convention as pleasant as the one we are now closing has been, and we will strive to make the year before us better than any previous year in good results for God and home and native land.

LIGHTNING PLAYED
HAVOC IN THE CITY

Norwegian-Danish Luth. Church
is Almost Completely Rid-
dled Last Night.

THE M. E. PARSONAGE SINGED.

Louis Sherlund and His Two Help-
ers Were Knocked Sense-
less for Time.

During the electrical storm last night considerable damage was done in this city, but fortunately no one was injured or killed, although it is reported that there were several close calls.

About 5 o'clock in the afternoon when the heaviest claps of thunder were heard the Norwegian-Danish Lutheran church, on the corner of Tenth and Oak streets south, was struck by lightning and was almost completely riddled. It did not catch fire, however, after the shock and therefore there are parts of the building which are still intact. The roof was split in two and torn off. The church was insured in one of Keene & McFadden's companies for \$800 which, it is thought, will cover the loss.

Louis Sherlund of the firm of Murphy & Sherlund, had a close call. He and two helpers, H. Abrahamson and Frank Robinson, were working in the basement under Peter Nelson's house on Eighth street south, putting in a heating plant. They had just completed running a pipe up through the roof when the storm came and a bolt of lightning struck this and ran down to the basement and as the men were standing within a few feet of the pipe all three were knocked senseless, but beyond this were not injured.

The First M. E. church parsonage was also struck by lightning. Rev. Mr. Ferguson was at the bedside of his wife down stairs when the house was struck and going up stairs found that the bolt had entered a bed room and a large area of the plaster on the ceiling was knocked off. No one was injured.

Other reports from different parts of the city would indicate that the electrical feature of the storm was quite general. A house near the mill was also struck, but was not damaged to any extent. Several transformers in the city were burned out and the telephone lines are on the bum today.

It is reported that the wind did some damage to houses and barns north of the city a few miles, but not to any great extent.

D. M. Clark & Co., oldest and largest installment house in the city. Goods sold on easy terms.

Bert Oakley is All Right.

Senator Alley, of Wright county, was in St. Paul yesterday preparing for an extended western trip, says the St. Paul Globe. Senator Alley was in a good natured mood, as he said Sixth district republicans generally are, because of the appointment of Bert Oakley as receiver of the Cass Lake land office. The Wright county republicans think their late county attorney is one of the few and that Buckman could search the state and not find a better man. Buckman probably had some such idea himself. Oakley managed the new congressman's campaign in Wright county and astonished the state with an unprecedented majority for the Little Falls man.

BUTLER—HERRMANN.

Two Well Known Young People of the
City United in Marriage Last Night
at the Bride's Home.

Last night at 9:30 o'clock at the home of the bride's mother, Mrs. Anna C. Herrmann, occurred the marriage of Mr. Palmer LeRoy Butler and Miss Marie Elizabeth Herrmann, both popular and well known young people of the city. The wedding was a simple, home affair and none but the relatives of the contracting parties and a few intimate friends were present. Rev. G. G. Ferguson, of the First M. E. church officiated.

After the wedding ceremony the bridal party sat down to a bounteous supper. Mr. and Mrs. Butler left this afternoon for a brief trip west, after which they will make their home in this city.

The bride is well known in this city and was at one time connected with the Brainerd telephone exchange.

The bridegroom for some time up to a short time ago was stenographer in the office of the superintendent of the shops. Recently he took a position as stenographer in General Manager Gemmell's office. Mr. and Mrs. Butler have the best wishes of a large circle of friends in this city.

PROGRESS IS GOOD.

Letter from C. A. Jamieson Regarding
The Big Jewel Mine will be Inter-
esting to Many

BIG JEWEL MINE, PORT ARTHUR, ORE.,
June 21, 1903.

MR. JAS. CULLEN, Brainerd Minn.,
DEAR FRIEND:—I intended writing you sooner but have been very busy. My crew at the lower camp struck for higher wages and I let them out. One of my teamsters got hurt and I have been driving a team for two weeks and looking after everything keeps me hustling early and late. I am now working 17 men in the upper camp and will open the other camp after July 4th. I think I will have no trouble to get all the men I want after that at the same wages I have been paying.

I will have the big trestle done this month. It was a big job. I wish you could see it. I wish you could come out and I could show you more in one hour than I could write in a week.

There are three ancient river channels that once ran through this bar and they all carry gold. The second prospects the best. The low bars that they have mined on Sixes river is where they have found the best pay, this is where the river has changed and washed out the higher channels. This is one reason why I have so much faith in this ground, it is all here, none of it has been washed away. We have everything in our favor to get a lot of money out of this ground. Generally gold is found in greater quantities and coarser on the steeper grades that contain the most gravel and boulders. There must have been a steep grade here some time to pile the gravel and boulders so high. It is almost all black sand like the sample I showed you last winter.

There are many cases where gold is found almost exclusively in the clay or center layers but this does not appear to be the case here; there is gold all through it. When gravel deposits are made up of several layers of different sized material, often some of these layers are barren or unprofitable, but such is not the case with this ground. I prospected in one place here in 12 feet of gravel; one place I would get the best pan from the bottom and three or four feet from this I would get the best pan from the top.

You know a cubic yard is figured to be a day's work for one man working by hand. I can go out any day and wash out \$1 in the average dirt. There is one place I have prospected where I can wash out \$1 in one hour and I expect to find better ground than that.

We will use a No. 1 and No. 4 nozzle which will wash 4,000 cubic yards in 10 hours and you know we will run day and night and will wash 8,000 cubic yards in 24 hours at \$1 per yard, which would be \$8,000 per day. So you see our ground don't have to be very good to pay. All we want is the water and I will have it on the ground this fall if you sell enough stock to furnish me the money. I have had some pictures taken of the ditch and trestle work and will send them to you about July 1st.

My brother and his wife want me to spend the Fourth with them but I will not leave the work as I am afraid something might happen, so will stay and look after things. I will take my vacation next summer after we wash out some gold.

I will send my report in time for your meeting of July 15th.

Well Jim I must close for this time as it is getting late and 4:30 in the morning comes early.

Your friend,

C. A. JAMIESON.

OFFICER WORSTED IN
A DRUNKEN BRAWL

Officer C. H. Preston Pounded
Into Insensibility by a Num-
ber of Moulders.

ARRESTED, HELD UNTIL MONDAY

On a Minor Charge—Moulders
Contend that They were
Justified in Assault.

There was a most disgraceful and dis-
gusting row last night between 12 and
1 o'clock in East Brainerd, between a
gang of men, some twelve or thirteen in
number, it is stated, and Officer Preston
of the local police force, and the officer
was brutally pounded into insensibility
and was left in a condition which made
it almost impossible for him to walk
across the bridge and to Front street.

As in all rows of this nature there are
some dozen different versions of how
it started, but be that as it may
the element that will club together and
lambast a police officer, even though
they might think they are in the right,
should be dealt with a stern hand
according to law.

From all reports it is understood that
there were a number of moulders stand-
ing about the East, hotel singing and
making a noise. The officer, it is claim-
ed, came along and insisted that they
be quiet. Some indiscreet remark is
said to have been hurled at the officer
whereby he attempted to arrest one of
the men, known in the city as Ed
Traver. It is claimed that un-
aware to him someone hit Preston on
the back of the head with a club and
he fell in a heap on the ground. He
was then kicked, clubbed and otherwise
brutally used and could hardly make
his way across the bridge.

It is understood that the row, which
is a disgrace to the city, was followed
by a general scattering of those im-
plicated and when Officer Hurley went
over to make some arrests no one was
to be found.

The men themselves who are mixed
in the affair have their side of the story
to tell. They state that the officer
started in to do things in his own way
without provocation and it was not
until after he had hit one of them with
a club on the head that they all gener-
ally took a hand. It is a well known
fact that Officer Preston has been in
disfavor with a certain element on the
east side and it was intimated some time
ago, it is claimed, that there was trouble
in sight if he ever laid hands on any of
them, for they claim that he has always
been abusive and exceeded his authority.

Officer Preston on reach the business
center of the city called on Dr. Batchel-
ler, who dressed his wounds. His fore-
head had been pretty well hacked with
a club and he had been kicked in the
chin, a large gash having been opened
some four inches long. His face was a
sight and his clothing was completely
saturated with blood. After having
the wounds dressed he went home and
has not been down today. The physi-
cian states that while the officer has
been pretty roughly handled there is
nothing serious.

Officer Hurley camped on the trail of
some of the men who were mixed in the
affair and this morning he arrested
Ed Traver and a man by the name of
Andy Johnson, who are said to have
been in the middle.

This afternoon Edward Traver, An-
drew Johnson and Rube Dewar
appeared in the municipal court
charged with assault in the third
degree. The last one was arrested by
Chief Sargent. The complaining wit-
ness was Chief Sargent. They all
pleaded not guilty to the charge and de-
manded a jury trial. The case was set
for Monday morning at 10 o'clock when
it is thought Officer Preston will be
able to be present.

BASE BALL NUBS

Tomorrow, the Fourth, there will be a
game of ball between the regular Brainerd
team and the Elks team at Athletic
park and it will be a great game.
Tasche and Roderick will be the battery
for the Brainerd team and Dr. Watkins
and S. E. Engbreton will do the honors
for the Elks. The teams are rather
well balanced and it should be a good
exhibition throughout. On Sunday
the same two teams will play at the
same place. It is not known exactly
who will do the honors on Sunday on
the slab. The games will be called at
3:30 o'clock in the afternoon.

THE GLORIOUS FOURTH.

While No Pretentious Celebration will
Occur in Brainerd the Day will be
Generally Observed.

Tomorrow is the Fourth of July, and
while there will be no pretentious cele-
bration, the day will be generally ob-
served in Brainerd in a quiet way. All
the stores and public offices will be
closed during the day and many people
in the city have planned for a day's
recreation somewhere. The Brainerd
Marine band will be in evidence in the
city during the day. In the morning
they will discourse music from the band-
stand in the park and in the afternoon
they will officiate at the ball game at
Athletic park.

Two picnics are scheduled very near
the city tomorrow and doubtless there
will be a large number attracted thither.
The U. O. F. give a picnic at Gilbert
lake and another big picnic has been
arranged for at Rice lake. The mem-
bers of the Sunday school of the Swed-
ish Lutheran church will picnic at
White Sand lake during the day.

Do you want a baby carriage, go cart,
refrigerator or ice cream freezer on easy
terms. See D. M. Clark & Co. 30-tf

W. C. T. U. ANNUAL

An Interesting Meeting of the Union Held
at Aitkin Last Week--Officials
Elected.

The annual meeting of the 15th dis-
trict of the Womans' Christian Temper-
ance Union was held in Aitkin on last
Thursday and Friday.

The convention was presided over by
the district president, Mr. I. T. McClure
of Hubbard. In the absence of Mrs. J.
Rhodes, of Brainerd, district secretary,
Mrs. Maud Warren, of Aitkin, acted as
secretary pro tem. Each session of the
two days was made interesting by re-
ports from the different unions in the
district and also by papers and discus-
sions on subjects of practical impor-
tance.

The annual election resulted as fol-
lows:

Dis. Pres.—Mrs. Louise Defenbaugh,
Aitkin.

Dis. Vice Pres.—Rachael Young, Ait-
kin.

Dis. Sec.—Mrs. I. T. McClure, Hub-
bard.

Dis. Treas.—Mrs. Kelley, Aitkin.

Committee on Resolutions—Mrs. B.
A. Ferris, Mrs. Ella Knox and Mrs. F.
A. Wright.

The following resolutions as prepared
by the committee on same were adopt-
ed.

We, the members of the Womans
Christian Temperance Union, of the
15th district of the state of Minnesota,
in convention assembled, recognizing
the hand of God in our work, do hereby
reaffirm the principles on which our or-
ganization was founded. Be it

Resolved, That we express our heart-
felt thanks to the citizens of Aitkin for
their kind hospitality, also to Rev.
Fletcher of the M. E. church, Aitkin,
for his presence and helpfulness during
the convention, to the organist who pre-
sided at the organ during each session
and to Mrs. McClure, of Hubbard, for
untiring efforts to make the convention
a success. Especially would we remem-
ber with gratitude our charming and
capable state president, Mrs. Bessie
Lathe Sewell, who delighted her audi-
ence each evening with an excellent ad-
dress and also contributed brightness
and interest to the convention from the
beginning to the close.

Resolved further, That we will en-
deavor to make our next district con-
vention as pleasant as the one we are
now closing has been, and we will strive
to make the year before us better than
any previous year in good results for
God and home and native land.

LIGHTNING PLAYED
HAVOC IN THE CITY

Norwegian-Danish Luth. Church
is Almost Completely Rid-
dled Last Night.

THE M. E. PARSONAGE SINGED.

Louis Sherlund and His Two Help-
ers Were Knocked Sense-
less for Time.

During the electrical storm last night
considerable damage was done in this
city, but fortunately no one was injured
or killed, although it is reported that
there were several close calls.

About 5 o'clock in the afternoon when
the heaviest claps of thunder were
heard the Norwegian-Danish Lutheran
church, on the corner of Tenth and Oak
streets south, was struck by lightning
and was almost completely riddled. It
did not catch fire, however, after the
shock and therefore there are parts of
the building which are still intact.
The roof was split in two and torn
off. The church was insured in one of
Keene & McFadden's companies for
\$800 which, it is thought, will cover the
loss.

Louis Sherlund of the firm of Murphy
& Sherlund, had a close call. He and
two helpers, H. Abrahamson and Frank
Robinson, were working in the basement
under Peter Nelson's house on Eighth
street south, putting in a heating plant.
They had just completed running a pipe
up through the roof when the storm
came and a bolt of lightning struck this
and run down to the basement and as
the men were standing within a few
feet of the pipe all three were knocked
senseless, but beyond this were not in-
jured.

The First M. E. church parsonage
was also struck by lightning. Rev. Mr.
Ferguson was at the bedside of his wife
down stairs when the house was struck
and going up stairs found that the bolt
had entered a bed room and a large
area of the plaster on the ceiling was
knocked off. No one was injured.

Other reports from different parts of
the city would indicate that the electri-
cal feature of the storm was quite
general. A house near the mill was
also struck, but was not damaged to
any extent. Several transformers in the
city were burned out and the tele-
phone lines are on the bum today.

It is reported that the wind did some
damage to houses and barns north of
the city a few miles, but not to any
great extent.

D. M. Clark & Co., oldest and largest
installment house in the city. Goods
sold on easy terms.

Bert Oakley is All Right.

Senator Alley, of Wright county, was
in St. Paul yesterday preparing for an
extended western trip, says the St. Paul
Globe. Senator Alley was in a good
natured mood, as he said Sixth district
republicans generally are, because of
the appointment of Bert Oakley as re-
ceiver of the Cass Lake land office. The
Wright county republicans think their
late county attorney is one of the few
and that Buckman could search the
state and not find a better man. Buck-
man probably had some such idea him-
self. Oakley managed the new con-
gressman's campaign in Wright county
and astonished the state with an un-
precedented majority for the Little Falls
man.

BUTLER—HERRMANN.

Two Well Known Young People of the
City United in Marriage Last Night
at the Bride's Home.

Last night at 9:30 o'clock at the home
of the bride's mother, Mrs. Anna C.
Herrmann, occurred the marriage of
Mr. Palmer LeRoy Butler and Miss
Marie Elizabeth Herrmann, both popu-
lar and well known young people of the
city. The wedding was a simple, home
affair and none but the relatives of the
contracting parties and a few intimate
friends were present. Rev. G. G. Fer-
guson, of the First M. E. church offici-
ated.

After the wedding ceremony the
bridal party sat down to a bounteous
supper. Mr. and Mrs. Butler left this
afternoon for a brief trip west, after
which they will make their home in this
city.

The bride is well known in this city
and was at one time connected with
the Brainerd telephone exchange.
The bridegroom for some time up to
a short time ago was stenographer in
the office of the superintendent of the
shops. Recently he took a position as
stenographer in General Manager Gem-
mell's office. Mr. and Mrs. Butler have
the best wishes of a large circle of
friends in this city.

PROGRESS IS GOOD.

Letter from C. A. Jamieson Regarding
The Big Jewel Mine will be Inter-
esting to Many

BIG JEWEL MINE, PORT ARTHUR, ORE.,
June 21, 1903.

MR. JAS. CULLEN, Brainerd Minn.,
DEAR FRIEND:—I intended writing
you sooner-but have been very busy.
My crew at the lower camp struck for
higher wages and I let them out. One
of my teamsters got hurt and I have
been driving a team for two weeks and
looking after everything keeps me hust-
ling early and late. I am now working
17 men in the upper camp and will open
the other camp after July 4th. I think
I will have no trouble to get all the men
I want after that at the same wages I
have been paying.

I will have the big trestle done this
month. It was a big job. I wish you
could see it. I wish you could come out
and I could show you more in one hour
than I could write in a week.

There are three ancient river chan-
nels that once ran through this bar and
they all carry gold. The second pros-
pects the best. The low bars that they
have mined on Sixes river is where they
have found the best pay, this is where
the river has changed and washed out
the higher channels. This is one reason
why I have so much faith in this ground,
it is all here, none of it has been washed
away. We have everything in our favor
to get a lot of money out of this ground.
Generally gold is found in greater quan-
tities and coarser on the steeper grades
that contain the most gravel and bould-
ers. There must have been a steep
grade here some time to pile the gravel
and boulders so high. It is almost all
black sand like the sample I showed
you last winter.

There are many cases where gold is
found almost exclusively in the clay or
center layers but this does not appear
to be the case here; there is gold all
through it. When gravel deposits are
made up of several layers of different
sized material, often some of these lay-
ers are barren or unprofitable, but such
is not the case with this ground. I
prospected in one place here in 12 feet
of gravel; one place I would get the best
pan from the bottom and three or four
feet from this I would get the best pan
from the top.

You know a cubic yard is figured to
be a day's work for one man working by
hand. I can go out any day and wash
out \$1 in the average dirt. There is one
place I have prospected where I can
wash out \$1 in one hour and I expect to
find better ground than that.

We will use a No. 1 and No. 4 nozzle
which will wash 4,000 cubic yards in 10
hours and you know we will run day
and night and will wash 8,000 cubic
yards in 24 hours at \$1 per yard, which
would be \$8,000 per day. So you see
our ground don't have to be very good
to pay. All we want is the water and I
will have it on the ground this fall if
you sell enough stock to furnish me the
money. I have had some pictures taken
of the ditch and trestle work and will
send them to you about July 1st.

My brother and his wife want me to
spend the Fourth with them but I will
not leave the work as I am afraid some-
thing might happen, so will stay and
look after things. I will take my vaca-
tion next summer after we wash out
some gold.

I will send my report in time for your
meeting of July 15th.

Well Jim I must close for this time as
it is getting late and 4:30 in the morn-
ing comes early.

Your friend,
C. A. JAMIESON.

TEXAS CLOUDBURST

SEVERE STORM KILLS SEVERAL

PERSONS IN THE LONE

STAR STATE.

FLOOD INUNDATES TOWNS

COTTON AND CORN CROPS AND

OTHER PROPERTY DAMAGED

OR DESTROYED.

San Antonio, Tex., July 3.—A cloud-

burst Thursday visited the south-

western section of Texas, causing the

death of several persons and entailing

a heavy property loss. No accurate

reports of the loss of life can be ob-

tained, the telegraph wires being

down in the storm-swept section, but

enough is known to warrant the be-

lief that at least twenty persons, mostly

Mexican laborers and farmhands,

perished in the flood.

At Beeville, one Mexican was swept

away. Near Norman, ten Mexican

farmhands are reported drowned, and

twelve more are said to have been

drowned at Pettus.

The flood, which was the result of

tremendous rains that have fallen

continuously in Southwestern Texas

since Tuesday last, swept down

Midco crease valley, submerging land

and railway tracks to a depth of six

feet. The towns of Norman and Pettus

were completely inundated. Many

thousand acres of corn and cotton

land were swept by the torrent and it

is reported that the crops will be a

total loss. The tracks of the South-

ern Pacific and the San Antonio and

Arkansas Pass railroads are washed

out at many points and several bridges

were destroyed.

Early reports of great loss of life at

Beeville are known to be untrue, care-

ful inquiry showing that not more than

one fatality occurred. The property

damage at Beeville is placed at \$50,000.

LIPTON TO THE RESCUE.

By His Orders Five Persons Are Taken

From a Disabled Boat.

New York, July 3.—Five persons

were rescued from a disabled yacht

by Sir Thomas Lipton's crews after a

struggle which wrecked their craft, and

in the nick of time. Three of the party

in the wreck were women. The yacht

was the cabin catboat Yankee of New

Brunswick, owned by Jacob Ziegler.

On board with him were Edward Ewing

of New York, and Mrs. E. Smith

and her two daughters, Edna and

Emma, also of New York.

Aboard the Erin, Sir Thomas Lipton

saw the yacht's mast snap and im-

mediately ordered the Erin's two

launches cleared from the davits and

lowered. Both launches were manned

as they fell and were quickly headed

for the wreck.

After some hard work the boat was

towed under the lee of the Erin and

her passengers taken aboard Sir Thom-

as Lipton's yacht.

NO MORE BODIES RECOVERED.

Majority of the Dead at Hanna, Wyo.,

Cannot Be Reached at Present.

Hanna, Wyo., July 3.—There was no

change in the situation here Thursday.

No bodies were recovered, and it was

given out officially that no more of

the victims would be taken from the

ill-fated coal mine before today, and

probably not for several days, unless

the bodies were found in the main

slope.

The majority of the dead men are in

the debris below No. 15 and cannot be

reached at this time. Great progress

was made in the work of bratticing

the mouths of the entries and in ex-

tending the air shaft to the lower

workings and releasing the poisonous

gases.

HEAT FATAL TO FOUR.

Eighty-Nine Degrees Above Zero

Causes Suffering in Pittsburgh.

Pittsburgh, July 3.—Four deaths, two

of the victims being children, repre-

sented the effect of the intense heat of

Thursday. The thermometer at the

weather bureau reached eighty-nine

degrees.

In many parts of the city the heat

was even more intense than the records

at the weather bureau would indicate

and a number of prostrations were

reported.

One Death and Four Prostrations.

Baltimore, July 3.—Annie Giessman,

aged sixteen years, was prostrated by

the heat Thursday and died that evening.

Four laborers were prostrated

during the day, but it is thought they

will recover. The maximum tempera-

ture was ninety-five degrees.

Nine Prostrations at Washington.

Washington, July 3.—Nine prostra-

tions, several of which were serious,

resulted from the heat here. Though

the weather bureau reported a maxi-

mum temperature of ninety-six de-

grees, the thermometers on the streets

registered as high as 101½.

Two Deaths at Philadelphia.

Philadelphia, July 3.—The torrid

weather which set in Wednesday con-

tinues, the thermometer reaching a

maximum of ninety-five degrees in the

afternoon. Two deaths and more than

thirty prostrations due to the heat

were reported.

BY A CLEVER TRICK.

Milwaukee Man Arrested for Robbing

His Friend.

Milwaukee, July 3.—Karl Schulpious,

a landscape gardener, was arrested

here charged with robbing Karl Muel-

ler, living at 480 Third street, of

\$7,200 from a safety deposit vault. The

two men were on the best of terms and

Mueller took his friend with him to the

safety deposit institution to count the

money. It is alleged that by a

clever trick in which a handkerchief

was used, the money, after being

counted, was taken by Schulpious and

the empty box returned to the vault.

HISTORICAL RESEARCH

Plan For Collecting Records of

the Philippines.

MISSION OF SCHOLARLY FILIPINO.

Professor C. J. Zulueta, Appointed to

the Office by the American Govern-

ment, Will Work Principally In

the Archives of Seville and Other

Spanish Cities—Inducements For

Scientific Investigation.

Thus early in its history the Ameri-

can government in the Philippines has

started to do something for the world's

scholars, says the New York Post. The

historical records of the islands and

their people, in large part still buried

in the archives, are to be collected at

government expense and made availa-

ble for reference in more convenient

form.

For the work of collection a well

equipped Filipino has recently been

named to an office specially created for

the purpose and is now about to begin

the work in Spain. He will spend a

year at least there, working principally

in the archives of Seville, which are

much the richest in Philippine, and

also in those of Madrid, Barcelona and

Simancas. Then he will visit France

and perhaps other countries on the con-

tinent in search of material yet unpub-

lished from which to make copies, and,

of course, the British museum. He will

then come to the United States by way

of Mexico, where there are now re-

puted to be buried in various archives,

both in the City of Mexico and in sev-

eral outside towns, many more data

bearing on Philippine history than it

had formerly been supposed Mexico

contained.

This work of collecting copies of docu-

mentary sources will occupy the Fili-

pino in question, Professor C. J. Zulueta,

at least three years. He receives

\$3,500 in gold per year and, of course,

necessary expenses in traveling and

procuring the copies desired. It is un-

derstood that the library of congress

at Washington is also to receive one

copy of each document, the other being

sent to Manila for the new Philippine

government library. Librarian Put-

nam, who was recently on a tour of the

orient gathering material and making

arrangements for reciprocal exchanges,

etc., was in Manila in search of ma-

terial for the Congressional library,

and is said to have made an arrange-

ment whereby the latter library shares

in this work with the Philippine gov-

ernment.

Philippine history has been left

mainly to the friars, who have pub-

lished a number of chronicles, begin-

ning with the earlier years of Spanish

occupation. Recently several Spanish

laymen have worked in this line. But

the impress of controversy left on al-

most everything previously written in

Philippine history, due to the fact that

the friar chronicler of one order not

wilfully, but inevitably, magnified the

deeds of his own brethren at the ex-

pense of the other orders, has not been

removed by these lay writers. The

more, therefore, that a man reads in

Philippine history as written to date

the more puzzled he will become un-

less he covers practically the whole

field and can balance the statements

of one writer against another and

glean the truth by a thoroughgoing

comparison. The reader needs, too,

some knowledge of the Filipinos as

they are today and some actual con-

tact with the "friar question" as it

stands at this moment.

In other words, Philippine history

has never been written. In the modern

sense of that word. Considering the

sources of what has been published

hitherto, the careful reader will be

constantly on his guard as to accepting

commonly published estimates of the

state of culture of the Filipinos when

they were discovered by the Spaniards,

the share of the friars in the work of

internal improvement as compared

with the share of Spanish civilians, the

educational question and the teaching

of Spanish, the merits of the continual

controversies between the friars and

the civil authorities, the causes of the

TEXAS CLOUDBURST

SEVERE STORM KILLS SEVERAL
PERSONS IN THE LONE
STAR STATE.

FLOOD INUNDATES TOWNS

COTTON AND CORN CROPS AND
OTHER PROPERTY DAMAGED
OR DESTROYED.

San Antonio, Tex., July 3.—A cloud-
burst Thursday visited the south-
western section of Texas, causing the
death of several persons and entailing
a heavy property loss. No accurate
reports of the loss of life can be ob-
tained, the telephone wires being
down in the storm-swept section, but
enough is known to warrant the be-
lief that at least twenty persons, mostly
Mexican laborers and farmhands,
perished in the flood.

At Beeville, one Mexican was swept
away. Near Norman, ten Mexican
farmhands are reported drowned, and
twelve more are said to have been
drowned at Pettus.

The flood, which was the result of
tremendous rains that have fallen
continuously in southwestern Texas
since Tuesday last, swept down
Midco creosol valley, submerging land
and railway tracks to a depth of six
feet. The towns of Norman and Pettus
were completely inundated. Many
thousand acres of corn and cotton
land were swept by the torrent and it
is reported that the crops will be a
total loss. The tracks of the Southern
Pacific and the San Antonio and
Arkansas Pass railroads are washed
out at many points and several bridges
were destroyed.

Early reports of great loss of life at
Beeville are known to be untrue, care-
ful inquiry showing that not more than
one fatality occurred. The property
damage at Beeville is placed at \$50,000.

LIPTON TO THE RESCUE.

By His Orders Five Persons Are Taken
From a Disabled Boat.

New York, July 3.—Five persons
were rescued from a dismasted yacht
by Sir Thomas Lipton's crews after a
squall had wrecked their craft, and in
the nick of time. Three of the party
in the wreck were women. The yacht
was the cabin catboat Yankee of New
Brunswick, owned by Jacob Ziegler.
On board with him were Edward Ewing
of New York, and Mrs. E. Smith
and her two daughters, Edna and
Emma, also of New York.

Aboard the Erin, Sir Thomas Lipton
saw the yacht's mast snap and im-
mediately ordered the Erin's two
launches cleared from the davits and
lowered. Both launches were manned
as they fell and were quickly headed
for the wreck.

After some hard work the boat was
towed under the lee of the Erin and
her passengers taken aboard Sir Thom-
as Lipton's yacht.

NO MORE BODIES RECOVERED.

Majority of the Dead at Hanna, Wyo.,
Cannot Be Reached at Present.

Hanna, Wyo., July 3.—There was no

HISTORICAL RESEARCH

Plan For Collecting Records of
the Philippines.

MISSION OF SCHOLARLY FILIPINO.

Professor C. J. Zulueta, Appointed to
the Office by the American Gov-
ernment, Will Work Principally In
the Archives of Seville and Other
Spanish Cities—Inducements For
Scientific Investigation.

Thus early in its history the Ameri-
can government in the Philippines has
started to do something for the world's
scholars, says the New York Post. The
historical records of the islands and
their people, in large part still buried
in the archives, are to be collected at
government expense and made avail-
able for reference in more convenient
form.

For the work of collection a well
equipped Filipino has recently been
named to an office specially created for
the purpose and is now about to begin
the work in Spain. He will spend a
year at least there, working principally
in the archives of Seville, which are
much the richest in Philippine, and
also in those of Madrid, Barcelona and
Simancas. Then he will visit France
and perhaps other countries on the con-
tinent in search of material yet unpub-
lished from which to make copies, and,
of course, the British museum. He will
then come to the United States by way
of Mexico, where there are now re-
puted to be buried in various archives,
both in the City of Mexico and in sev-
eral outside towns, many more data
bearing on Philippine history than it
had formerly been supposed Mexico
contained.

This work of collecting copies of docu-
mentary sources will occupy the Fili-
pino in question, Professor C. J. Zulueta,
at least three years. He receives
\$3,500 in gold per year and, of course,
necessary expenses in traveling and
procuring the copies desired. It is un-
derstood that the library of congress
at Washington is also to receive one
copy of each document, the other being
sent to Manila for the new Philippine
government library. Librarian Put-
nam, who was recently on a tour of the
orient gathering material and making
arrangements for reciprocal exchanges,
etc., was in Manila in search of ma-
terial for the Congressional library,
and is said to have made an arrange-
ment whereby the latter library shares
in this work with the Philippine gov-
ernment.

Philippine history has been left
mainly to the friars, who have pub-
lished a number of chronicles, begin-
ning with the earlier years of Spanish
occupation. Recently several Spanish
laymen have worked in this line. But
the impress of controversy left on al-
most everything previously written in
Philippine history, due to the fact that
the friar chronicler of one order not
willfully, but inevitably, magnified the
deeds of his own brethren at the ex-
pense of the other orders, has not been
removed by these lay writers. The
more, therefore, that a man reads in
Philippine history as written to date
the more puzzled he will become un-
less he covers practically the whole
field and can balance the statements
of one writer against another and
glean the truth by a thoroughgoing
comparison. The reader needs, too,
some knowledge of the Filipinos as
they are today and some actual con-
tact with the "friar question" as it
stands at this moment.

In other words, Philippine history
has never been written. In the modern
sense of that word. Considering the
sources of what has been published
hitherto, the careful reader will be
constantly on his guard as to accepting
commonly published estimates of the
state of culture of the Filipinos when
they were discovered by the Spaniards,
the share of the friars in the work of
internal improvement as compared
with the share of Spanish civilians, the
educational question and the teaching
of Spanish, the merits of the continual
controversies between the friars and
the civil authorities, the causes of the
various uprisings and the character of
the participants, the composition and
size of the anti-friar party on the is-
lands and the capacity of the natives
in general. Professor Zulueta, named
for the mission above described, is one
of the little handful of Filipinos who
have really made an honest study of
their people's past. Like Jose Rizal,
he is to a certain extent a partisan.
He is, however, a scholar in touch
with modern methods and the modern
spirit of research. He has been professor
of history in the Manila lyceum, a sec-
ondary school for boys inaugurated by
Filipinos in 1900.

The Philippine government will try
to build up in connection with the his-
torical library a scientific library of re-
search and reference. This library will
be connected with the Philippine mu-
seum, which was started in a modest
way two years ago, under the bureau
of non-Christian tribes. The securing
of ethnological, botanical, mineralogical
and other collections for the St. Louis
exposition is being made to coincide
with the needs of this establishment,
and where duplicate collections cannot
be made they will be returned to Ma-
nila for this museum. Similarly the
bureau of government laboratories,
which consolidates in one institution all
the scientific laboratory work of the
government and which is under the
management of Dr. P. C. Freer, the
well known chemist of the University
of Michigan, is seeking to stimulate re-
search by offering their expenses and
opportunities for exploration and labo-
ratory investigation to all scientists in
the United States who wish to spend a
period in the Philippines, furthering
their own and the general knowledge.

JENATZY THE WINNER

MEMBER OF THE GERMAN TEAM
CAPTURES THE JAMES GOR-
DON BENNETT CUP.

AMERICANS' POOR SHOWING

NOT ONE OF THE CONTESTANTS
FROM THIS COUNTRY IS IN
AT THE FINISH.

Ballyshannon, Ireland, July 3.—The
international automobile race for the
James Gordon Bennett cup was run
Thursday and won by Jenatz, a mem-
ber of the German team, who covered
the distance of 379½ miles in six
hours, thirty-six minutes and nine sec-
onds, including the stops imposed by
the regulations. Two members of the
French team ran so close for sec-
ond place that it will not be known
until some time today whether De
Knyff or Farman is entitled to the
honor. Only one minute divided them.
It is thought likely that De Knyff's
claim to second place will be upheld.
The most remarkable features of the
great race were its practical freedom
from serious accidents and the wretch-
ed showing by the American team.
At Ballyshannon, which is the head-
quarters for the race, no news had
been received last night of anyone be-
ing injured except one of the contest-
ants, the English crack, Jarrott, and
his chauffeur. Jarrott had a miracu-
lous escape from death and now lies
with a broken collarbone and a badly
bruised body. His chauffeur also had
a fractured collarbone, besides a
broken leg. Both, however, are doing
well. The accident occurred through
the steering gear of the favorite Eng-
lish car getting out of order when go-
ing at full speed. Instead of turning a
corner, the automobile ran straight
into the bank at the side of the road
and was smashed clean in two. How
the occupants escaped death is more
than they themselves can explain.
Stocks, another Englishman, had his
car disabled through the same cause,
but was not hurt. Baron de Caters,
after making a splendid race, broke the
axle of his car, and Foxhall Keene re-
tired because of a similar accident.

Americans Cars Too Light.

The poor showing of the American
competitors is generally attributed to
the excessive lightness of their cars.
Owen, who made the best showing
among them, when the race was over,
said he could not blame the roads. "I
guess the reason I was beaten, is the
same as that of the other fellows, who
were defeated by the daring Ger-
man."

All the arrangements for the race
worked well, and the Irish peasants
last night were once more venturing
on the roads, though with fearful
eyes and keen ears for the roar of the
motors as they come down the hills
of Kildare. The Frenchmen received
some consolation in not getting the
cup by gaining the prize offered by the
Hon. J. Scott Montagu, M. P., to the
team whose members all finished.

The general opinion expressed by
the British authorities, including the
Earl of Mayo and Henry Norman, M.
P., is that the race was the most suc-
cessful ever run and is likely to do
much to remove the antagonism to-
wards similar contests and motors in
general.

Foxhall Keene, as one of the repre-
sentatives of Germany, had a good
chance of coming in amongst the lead-
ers. Before giving up he ran a risk
which is generally described as one
of the most daring feats in the his-
tory of motoring. Turning a corner
on the second round the tires of
Keene's machine were ripped up and
while repairing them, he noticed that
the axle was giving way. Instead of
stopping Keene drove a hundred miles
at the pace of over sixty miles an hour
and only drew up when the car became
almost uncontrollable. Then it was
found that the axle was within the
smallest fraction of an inch of being
severed. Keene admitted that "It was
as much like sitting on a box of dynamite
as anything I have ever tried,
but it was an awful pity I had to with-
draw as really I had not begun to let
myself out."

Keene's mishap caused the greatest
regret next to Jarrott's accident, of
any incident of the day.

HANGS HER CHILDREN.

Mrs. William Baxter Also Kills Her-
self in the Same Manner.

Rochester, N. Y., July 3.—At the vil-
lage of Leroy last night Mrs. William
Baxter hanged herself and two chil-
dren. Goodson, aged eight years, and
Gladys, aged three, during her hus-
band's absence. It is said that
Wednesday night Mrs. Baxter handed
her husband a bottle of wine to drink.
He took some of it and was so sick
in the morning that he had to consult
a physician. That the wine was
drugged or poisoned seems probable.
The contents remaining will be analy-
zed.

POOR YEAR FOR RECEIVERS.

Only Five Small Steam Railways Have
Failed to Meet Obligations.

Chicago, July 3.—It has been a poor
year so far, the Railway Age says, for
steam railway receivers, and the busi-
ness of selling railways under fore-
closure also has been remarkably dull.
No steam railway company in the
United States operating so much as
thirty miles of road has become in-
solvent and only five little lines of
four to twenty-eight miles each have
failed to meet their obligations during
the last six months.

WANTS.

BLOWN FROM THEIR FEET.

Benzine Explodes and Alarms People
at a Massachusetts Town.

South Ashburnham, Mass., July 3.—
Fire destroyed the chair manufactory
of Wilbur F. Whitney, entailing a loss
estimated at \$75,000. Four buildings
were burned, one of them, which was
used for the storage of benzine, blow-
ing up and causing terror throughout
the town. In some instances some peo-
ple were blown from their feet. No
one was seriously hurt.

Burlington Route

St. Louis and the South

are conveniently and comfort-
ably reached by our two trains
a day.

The Limited leaving Minneapo-
lis at 7:35, St. Paul 8:00 p. m.,
daily, arrives in St. Louis the fol-
lowing afternoon. Combination
Compartments and Standard
Sleepers and Reclining Chairs.
The scenic Express leaving Min-
neapolis at 7:50, St. Paul 8:05 a.
m., except Sunday, arrives in St.
Louis early next morning. Sleep-
ing Cars from Rock Island south.

This is the most direct route
from Minneapolis and St. Paul
to Clinton, Davenport, Rock
Island, and all Mississippi river
cities.

Passengers by either train
make close connections with
lines south, southeast and
southwest in St. Louis Union
Station.

Ask Your Home Agent for
Tickets via the Burlington.

MINNESOTA & INTERNATIONAL RAILWAY CO.
